

WIRE GRID CABLE BASKETS AWGT-21250-WT

DESCRIPTION

- ▶ CMS have now released a new 50mm flexible cable management basket with two new vertical mounting brackets, which allows the installer to switch between a two tier basket to a single tier basket.
- ▶ The mounting brackets screw to the underside of the workstation or back into the modesty panel & allows the basket to 'snap' into the bracket.
- ▶ These baskets can also be cut to a custom length on site with the new plastic end caps available to tidy up the trimmed ends.
- ▶ CMS have released a new 'T' mounting bracket to allow installation of single tier baskets in a back to back application.
- ▶ Cost effective cable reticulation
- ▶ Different configurations are available
- ▶ Switch between tier to single tier
