

## Agile Freaky Cousin Beanbag ABB-FRE-BK

### DESCRIPTION

- ▶ The Freaky Cousin Plus Liner is the beanbag of choice for kids everywhere.
- ▶ This premium beanbag design is the same as the popular Freaky Cousin, only this time it's supplied with a practical inner liner that makes it easy to remove the cover for washing.
- ▶ The inner liner can be inserted or removed when filled with beans, making it a great option for heavy usage because it's so easy to keep clean and looking like new.
- ▶ The comfy shape and cool colours of the Freaky Cousin have made this design a big hit with kids of all ages.

### PERFECT FOR COMMERCIAL APPLICATIONS

- ▶ As the number one kid's beanbag design when it comes to having both durability and style, the Freaky Cousin Plus Liner is ideal for homes, play centres, schools, and anywhere else where the bag will see lots of use. While it can be used anywhere, the Freaky Cousin Plus Liner has been designed to meet the demands of schools and commercial applications.
- ▶ Suitable for a range of busy environments, including schools, libraries, retail centres, doctor's offices, and special events, this is not your average beanbag. Kids love the fun look and soft, inviting feel, making it a great addition to any play space or kids' area where you want to create a welcoming ambience.
- ▶ Education departments around the world are starting to realise the benefits of having beanbags in classrooms as they provide a consistent level of comfort and support to kids as they learn and play.

<b>Carry Handles:</b>	Yes

**DURABLE AND EASY TO CLEAN**

- ▶ The premium Freaky Liner model has been manufactured especially to allow the easy removal of the internal bean filling. While this may not be needed in many domestic environments, this kind of versatility and ease of cleaning cannot be underestimated for commercial applications. An inner liner bag ships with the product. You can remove it whenever you need to hand clean, or machine wash the outer cover.
- ▶ The Freaky Cousin Plus Liner uses the same fabric as the standard model, with this premium quality material also used on the majority of our outdoor beanbag range. If this soft-to-touch polyester is tough enough to withstand the great outdoors, it will easily handle a little rough treatment from the kids. This material is water resistant, stain repellent, and easily cleaned using environmentally friendly products.
