

AGILE OSLO HEIGHT ADJUSTABLE TABLE

AHAT-OSL-WH-650-550

DESCRIPTION

With an aesthetically clean line design the Oslo laptop mobile desk is solutions to create a flexible work space.

It combines comfort and function making the desk suitable for multi- users, functions, environments and activities.

The Oslo mobile desk is light in weight, with a pneumatic height adjustable system that is quickly released and secured with a single leaver allowing the user to easily change postures from sit to stand. The easy glide castors located at the base permit a smooth movement between areas and rooms.

- ► Base: 5 star with 2 lockable castors
- Finish: White base, frame and top
- Top: Round edges with device storage slot and cup holder in grey
