

COMPOSITION WALL FABRIC AND TILES INTERIOR ACOUSTICS

DESCRIPTION

- ▶ Composition is an acoustic wall covering available in a range of colours.
- ▶ Typically applied in vertical drops like wallpaper,
- ▶ Composition creates a surface that is pin and velcro receptive.
- ▶ Composition is a durable and flexible polyester wall covering that replaces the need to paint, and is easily maintained to look amazing for a long time.
- ▶ Beyond all that, it creates incredible learning environments by reducing and managing the reverberation in the room, resulting in a much more peaceful space for students to learn.
- ▶ But it isn't just students that benefit, Composition is great for any working space.
- ▶ And because not all spaces are the same we've given you creative freedom.
- ▶ We can cut Composition to any shape, creating something as unique as each one of us.
- ▶ Decorative and functional acoustic wallcovering for education, retail and commercial interiors
- ▶ Minimise noise in interior environments
- ▶ Hook-and-loop surface for education and commercial sectors
- ▶ Protective layer for plasterboard
- ▶ (Wall) treatment shall be Composition from non-woven needle-punched polyester containing not less than 60% recycled material
- ▶ If Composition is to be specified for use other than as a wallcovering, please seek guidance from your Account Manager.
