

ETCH WALL PANEL INTERIOR ACOUSTICS

DESCRIPTION

- ▶ Etch is a visual layer of expression, a wall fabric combining design, colour and texture.
- ▶ Etch is suited for overlaying directly to your chosen surface or choose to incorporate one of Autex's acoustic backing options to provide a range of acoustic absorption.
- ▶ Etch is a decorative, functional and durable interior finish suitable for commercial offices, theatres, libraries, retail, hospitality and education interiors.
- ▶ Install as per recommendations.
- ▶ If Etch is to be specified for use other than as a wallcovering, please seek guidance from your account manager.
- ▶ Use alone as a wallcovering or combine with Interior Acoustic products for a high-performance sound absorbing solution
- ▶ Lightweight and easy to handle
- ▶ Made from 100% polyester fibre without chemical binders and certified low VOC
- ▶ Manufactured using a minimum of 80% post-consumer recycled material
- ▶ Highly durable providing long-term stability and performance
- ▶ Safe, non-toxic, non-irritant and non-allergenic
