

**RUT UNIVERSAL SHELVING**  
ARUT-ADD-5T-1000-400-GY

**DESCRIPTION**

- ▶ RUT Universal Shelving is a simple yet versatile storage system that can be easily added to or reconfigured, making it ideal for any growing business.
- ▶ It is constructed from high tensile steel offering a yield of strength that rates at G450.
- ▶ Shelf levels within the system are easily adjustable in 25mm increments, allowing the unit to be tailored and easily adjusted to specific needs.
- ▶ Shelves are fitted into place using strong shelf clips meaning there is no need for nuts, bolts or tools offering quick and easy assembly and adjustment to suit changing needs.
- ▶ Capable of carrying loads of over 100kg per shelf.
- ▶ Quality colorbond steel
